Leader/Member Responsibility Mystery Runner Club

Each seasonal runner project will have a leader. Sign up for leaders will take place at one of the remaining meetings for 2026.

Responsibilities of the leader: Select a pattern to represent the season you selected. Ideally have a good picture of the finished results to show the group. (It is NOT necessary to have a completed project to show-Leader can make along with the rest of the group) Prepare a list of the fabrics required and have that available at the first meeting your activity will be presented. The leader has the discretion to choose the method (piecing, applique, mixture) and level of difficulty and the particular motifs to represent the season. The Leader can choose a pattern to represent the generic season-or one of the specific holidays mentioned.

Be mindful of copyrights. There are many free, downloadable patterns on line but if you choose a copyrighted pattern, please have the instructions of where to order and how much it costs available. It is not unreasonable to expect a member to buy a pattern if it is fairly easily obtained in a timely manner. It's ok to share a pattern among 2 or 3 people. If the pattern is free downloadable, and you have the printing capability it would be useful to have printed to distribute but you can expect the members to do that for themselves, as well.

Responsibility of club members: Commit to making a runner according to the pattern selected by the leader (minor tweaks or changes to suit your style are ok) If required to go online to download or purchase a pattern please do it promptly so you are ready when the group is ready to proceed. Same with selecting fabrics. But, choice of fabrics is yours, use your creativity and personal taste.

Bring your fabrics and cutting tools and mats to the meeting where the cutting will take place. Working together at the club helps us bond and enhances the pleasure and enjoyment you will experience when looking at your collection of seasonal table runners.

Bring your finished or unfinished item to the third meeting and show it proudly!!
